North America Branch

Dear Members,

This month's newsletter is packed with programs, dates, and featured members all highlighting how robust the CI Arb North America Branch is focused on membership news and events. I again remind everyone about the **NAB Members' Retreat in Santa Fe, New Mexico** (details below).

Finally, as a lover of the night sky, August is so special—it's the peak of the Perseid meteor shower. The peak this year is expected to occur in the early morning hours of **August 12th**. At its peak, you can expect to see up to 150 meteors with the naked eye. Enjoy stargazing in August! More info at: [American Meteor Society \(amsmeteors.org\)](http://amsmeteors.org)
